

October 2006

The big excitement around this Dannenberg household has been a visit from John's parents. They were pretty tired when they arrived Saturday night, but Dad was still able to preach on Sunday morning. During the week we took them on a tour of Moncton, and couldn't resist a walk in the park to show off our nearly peak Fall colors. It is really gorgeous out! Then we stopped at Jim & Becky Storey's house where Dad shared African hunting stories with their two nephews. Dad is our guest speaker in chapel on Thursday & Friday too. Friday we hope to drive to Prince Edward Island and visit the Anne of Green Gables center. Monday, just before they leave for Florida, we look forward to celebrating Canadian Thanksgiving together.

In other news, our basement construction project is pretty much finished. The mudding, sanding, priming and painting is done. The door, door trim, electrical connections and most of the baseboard was put up last week. Yesterday two new windows were put in. All we have left to do is finish the bathroom trim, install shelves and tidy up in the adjoining workroom (and pay the bills for plumbing, windows, and parts!).

Personal praise and prayer:

1. Praise God that John's parents are here, and that they have strength to enjoy it.
2. Praise God that our bathroom project is done except for minor details. This was a necessary change, but it has strained us financially.
3. Pray for health and wisdom in ministry. John is teaching Major Prophets, preparing a major publicity mailing, and preaching in chapel and churches. Paula is teaching a new SS class, helping to teach English and spending more time at school for library & bookstore responsibilities.

Prayer requests for EBBI:

1. Pray for the special mailing planned for October & November.
 - a. For wisdom to produce a high quality mailing.
 - b. That it will raise awareness of EBBI in Canada and the USA.
 - c. That, as a result, more churches will schedule meetings with Rev. Jim Storey (our EBBI representative).
 - d. That more students will apply.
2. Pray that we will soon receive our degree granting authorization.
