

August 12, 2007

Japanese Bible Camp was really wonderful. Japanese Pastor Nishigori was a real blessing and challenge to us all. There were 63 registered guests for the camp. They came from as far away as Japan, Minnesota, Alabama, California, Chicago, different parts of Michigan and our main speaker was from New Jersey where he pastors a Japanese congregation. A couple of other Japanese pastors shared with a couple of good Bible 'lectures'. We did a camp fire with 'smores'. also, where some of the campers gave their testimonies, and the Lord's Supper communion was also observed at the camp fire site. We sang Japanese hymns (new and old). The fellowship was great and we met many new campers this year. I helped by directing the early morning prayer meeting before breakfast. The meals, as always, were very good. Rice was served at most of the meals because the Japanese love rice. Bacon and eggs, cereal, toast, biscuits and pancakes were served as well. Not all at the same breakfast but over the three mornings that we were there. I think some of us gained a pound or two while at camp. Horse back riding, hay ride and swimming were also a part of free time. The weather was very hot and dry for that part of Michigan, but cooled down at night; good for sleeping. No air conditioning. If you prayed for the camp thank you.

Blessings  
Dick and Winnie
